Nexus One Lower Cover Replacement

This guide is for removing the lower cover on the Nexus One.

Written By: Niklas Johnson

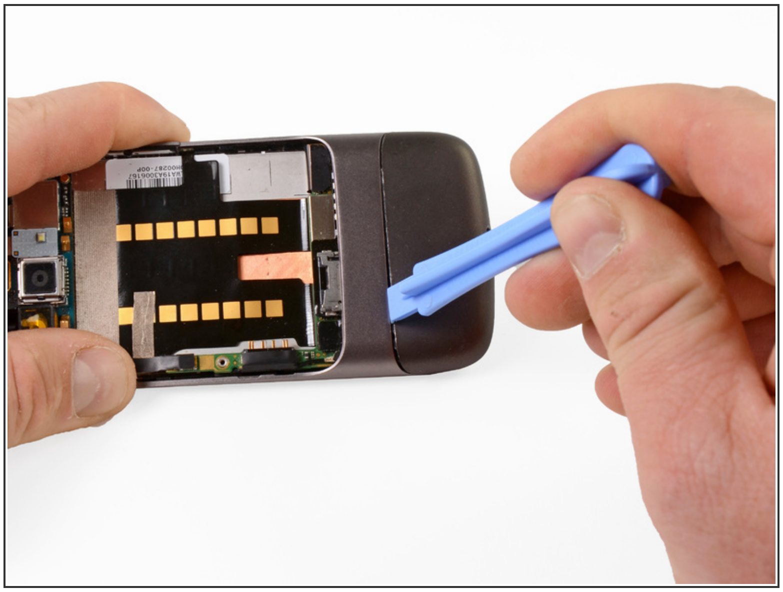

INTRODUCTION

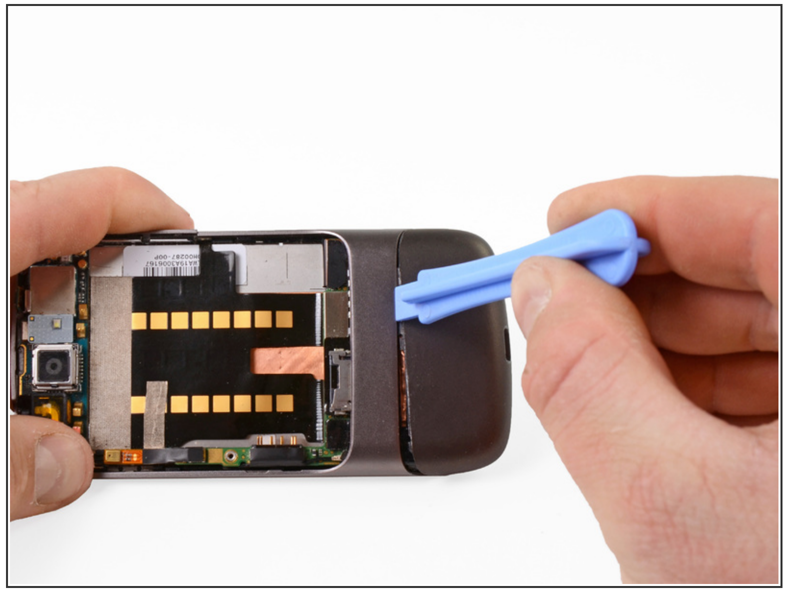

removing the lower cover

TOOLS:

- iFixit Opening Tools (1)

Step 1 — Lower Cover

- Using the plastic opening tool, push the blade into the space between the case and lower cover.
- Turn the opening tool slightly, the lower cover will detach on that side.
- Repeat on other side of the seam.
- The lower cover will slide off.

To reassemble your device, follow these instructions in reverse order.
